Re.: Process for changes in Annex I Party (or Parties) when different to the Party names in the host nation approval

Dear Mr. Enderlin,

Thank you for your letter dated 29 October 2009, which has been made available to the Board.

On behalf of the Chair of the Board, I confirm that the only relevant items in a Letter of Approval (LoA) are listed in Annex 16 of the report of EB16 (available at: <https://cdm.unfccc.int/EB/016/eb16repan6.pdf>) and the Executive Board and secretariat do not consider any other items. If a Host Party LoA imposes additional requirements, that is solely an issue between the DNA and the project developer.

We hope that this response addresses your concerns.

Yours sincerely,
